**Dan St. Romain**

Dan St. Romain is a national educational consultant who provides staff development and consultative services to educators K-12. Dan is passionate about helping individuals shift their perspective on behavior, understanding the best ways to provide support given the challenges posed in today’s society. He regularly presents on topics impacting school climate, brain-based instruction, developmentally appropriate educational practices and presentation skills. Dan’s overwhelming strength is his skill as a presenter. Although his sessions are exceedingly interactive and engaging, his greatest asset lies in his ability to offer participants rich insight into the connectedness between educational practices and student behavior.

Join Dan as he presents *The Ripple Effect*. When you throw a stone into a pond, sometimes it simply sinks. “Plop.” However, if thrown just right, the rock skips. Instead of the one singular “plop”, the rock now reaches more water, leaving ripples on the surface - and this energy changes the entire pond. As counselors/educators, we throw the stone, and the manner in which we do so makes a huge difference in the lives of the students we serve. In this luncheon session, participants will reflect on the ways to create positive ripples that are felt by our student well beyond the classroom years.

How about the third time? Do you go home tired and exhausted from frustration? This presentation will guide you in developing a thorough, preventative plan for handling issues from low level distractions to serious/chronic behaviors. This is a practical, hands-on presentation filled with concrete steps you can use the next day to help students and yourself.

He is also a 2019 Human Rights Campaign (HRC) Upstander Award recipient for his commitment to LGBTQA+ youth advocacy. Coleman has spent the last year traveling the country as an ambassador for the school counseling profession speaking on issues ranging from comprehensive sexual health education and counseling program design to counselor identity and professional brand. He is in his sixth year with Jones College Prep where he has served as Counseling Department Chair for three years. At Jones, Mr. Coleman has overseen counseling programming for seniors and freshmen, sophomore sexual health education, JCP’s student mentorship program, and the school’s LGBTQA+ student organization JonesPride. In the last year, he has also participated in DePaul University’s “Here We Do” and McDonald’s “Black and Positively Golden” promotional campaigns. He has also contributed to pieces for Forbes, Teen Vogue, and Chicago Tribune among others. Coleman is a proud graduate of Northwestern University as well as DePaul University where he was named the College of Education’s 2019 Alumni of the Year.

Join Brian as he presents Embrace and Empower the Unicorns. As school counselors, we recognize strengths and gifts in our students that they may not see in themselves. When we harness our own unique gifts, we can create a safe and accountable space for students to shine a light on their own. Brian will share how you can use your individual strengths to enhance your counseling program and related interventions.

Participants will:

• Learn how to use personal strengths to build rapport with students
• Discuss (and role play) practical strategies to engage students
• Identify comprehensive school counseling program components that increase student outcomes.
