

HIGH SCHOOL COUNSELOR

PERRY TECHNICAL
INSTITUTE
YAKIMA, WASHINGTON

We are excited to have this opportunity to help you connect, lead, advocate and innovate in your efforts to guide your students.

The essential skills taught at Perry Technical Institute critically serve at the heart of industry, and through the pandemic we have continued to provide small-group, in-person lab activities where our proven hands-on training has propelled graduates into rewarding careers. We understand that times are challenging, but let us reassure you that our dedicated staff is here to provide you with the tools and support to help transition your qualifying students into our programs.

Our Admissions staff is eager to work with you.

From providing institutional overview presentations to innovative video program tours, we have the necessary information ready for you to deliver to your students. We know as advocates of education just how important it is to create an easy to navigate environment, and that's just what we've done.

ALL PROSPECTIVE STUDENTS SIMPLY NEED TO DO IS:

- 1 – Visit perrytech.edu/tour**
- 2 – Select desired program**
- 3 – Schedule video program tour**

With our campus temporarily closed to visitors, it truly is as easy as 1, 2, 3... and just like that your students will have the opportunity to explore all that awaits them here at Perry Tech. We love how simple the process is to get started, and we think you will too.
