EMPOWER INFORMED DECISION MAKING

All About the ASVAB Career Exploration Program

The Department of Defense sponsors the ASVAB CEP with a two-part mission: to provide a career exploration service to American youth and provide qualified leads to military recruiters. Participants have no obligation to talk to a military recruiter or enter military service, but students in 11th grade and beyond can use their scores to explore enlistment if they choose.

The ASVAB CEP promotes career literacy through exposure to career-field entry requirements and future-oriented planning tools to help students develop an action plan to share with parents and educators.

The ASVAB CEP is not all about the Military; it’s about options. The ASVAB CEP offers an equally unique opportunity to those interested in pursuing post-secondary education, work-based learning and the Military because the ASVAB assesses academic ability and predicts success in a variety of careers in addition to military occupations.

Take the ASVAB  >  Join a Post-Test Interpretation  >  Use the planning tools

Students gain access to career planning tools when they receive their ASVAB scores. Participating in the Post-Test Interpretation is the best way to make the most of the ASVAB CEP.

No Cost. No Commitment.

Guide Students Toward Career Satisfaction

Data-driven feedback, optimized planning tools, and expert support

Toolkit

Everything you need, from program material to customizable communication products, is free to share.

Activities & Tools

Integrate career exploration into any curriculum and keep post-secondary planning top-of-mind among your school community.

**ASVAB CEP FEATURES**

The ASVAB is one part of the ASVAB CEP

**Start by taking the ASVAB**

Students in grades 10-12 and college students are invited to participate. Participation in the ASVAB CEP is ALWAYS voluntary.

The test is available in two formats, paper and pencil and computer adaptive.

This heavily researched aptitude test measures students’ developed strengths and potential for success in training. The test results can be used to guide career planning, regardless of post-secondary intention.

**ASVAB POST-TEST INTERPRETATION**

Career exploration is an ongoing process. Make concrete career plans with tangible outputs.

- **My Portfolio**: helps students chart and share their plans and accomplishments.
- **My Educational and Career Plans**: encourages students to make initial career plans and evaluate current and future opportunities for training.
- **My Coursework Planner**: helps students determine coursework requirements for entry into occupations of interest.

- **Classroom Activities**: integrates into any curriculum and engages students in ongoing career exploration.

- **careersinthemilitary.com**: allows students to discover extensive details about military career opportunities across all Services, their Service-specific ASVAB line scores, and easily contact a recruiter from any Service.
