

Empowering Lives. Restoring Families.

The leading provider of mental healthcare for teens, young adults, and their families.

Who We Are

We bring teens and young adults ages 12–27 from self-destruction to self-esteem. By addressing the trauma and attachment wounds that underlie mental health conditions and co-occurring disorders such as substance abuse and eating disorders, we guide our clients and their families to achieve long-term, sustainable healing.

Our Approach

Our integrated approach addresses each client's clinical, relational, spiritual, social, and academic and life skills that are essential for sustainable recovery. For every client that comes through our doors, we employ tailored, integrative treatment that incorporates a variety of evidence-based modalities that address trauma and attachment wounds.

Expert Medical Leadership

With decades of experience building top-tier treatment programs, our visionary leaders guide a team of more than 350 of the best behavioral health providers in the country.

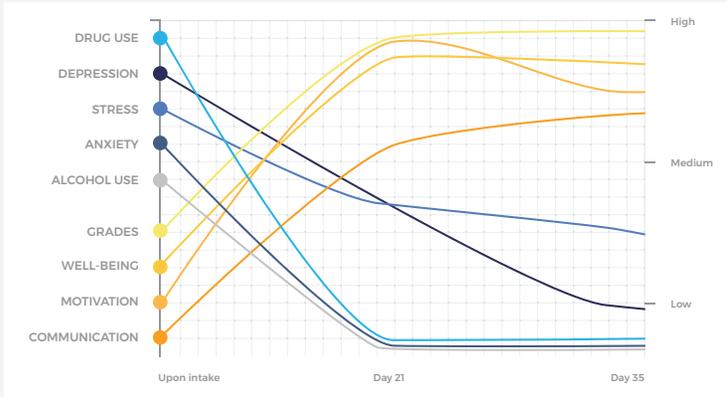

Industry-Leading Outcomes

Newport Healthcare's treatment model is synonymous with innovation, setting the standard of care the teen and young adult treatment. We have served over 3,500 clients and their families with unparalleled outcomes.

About Newport Healthcare

As the parent company of two of the preeminent mental health programs in the United States, we strive to help alleviate the stigma surrounding teen and young adult mental health. The foundation of our top-rated treatment centers is our team, made up of the world's best mental health and therapeutic experts specializing in adolescent treatment, who accelerate our impact in changing a young person's life. Our mission of empowering teens and young adults is driven by results, focused on solutions, and based in compassion and unconditional love.

Our Evidence-Based Clinical Model

We hold ourselves to the highest standard of accountability by partnering with a third party to analyze and validate the results of our treatment—rigorously capturing patient data and utilizing industry-accepted assessment tools to inform our approach.

Our Vision

To be the innovator in behavioral health treatment, the pioneer in removing the stigma around mental health, and the leading provider of sustainable healing.

Our Mission

We are a results-driven healing organization that provides state-of-the-art integrated care to individuals and families struggling with mental health concerns. We provide a foundation of well-being to foster sustainable healing and resilience in teens, young adults, families, and communities.

Our Values

Patient First. We will always put patient safety and well-being first in our decision making.

Love. We'll love you until you love yourself.

Excellence. We employ a standard of excellence in all that we do.

Empathy. We don't just show you the way out of the darkness, we walk out of it with you.

Connection. We facilitate the building of authentic connections first with yourself and then with the community around you.

We will do whatever it takes.
