## About This Book

All too often, potty training poses a challenge for both adults and children alike. That's where *You and Me Against The Pee* comes in. This book, told through the eyes of a young child, presents the task of "potty learning" in a new light by motivating children to become smarter than their poop and their pee. Based on the key concept that everyone involved should always be on the same team, readers young and old learn how to work together to avoid getting tricked, and ultimately win the "Potty Game." You can now put an end to frustration by putting pee and poop in their proper place!

It is our sincere belief that in order to teach a child, you must enter his or her view of the world. We have thoroughly enjoyed creating this book and hope that it will make a positive difference in the lives of many future Potty Experts.

Let the games begin!

– Julia Cook and Dr. Laura Jana

My name is Stanley.  
I am a Potty Expert!

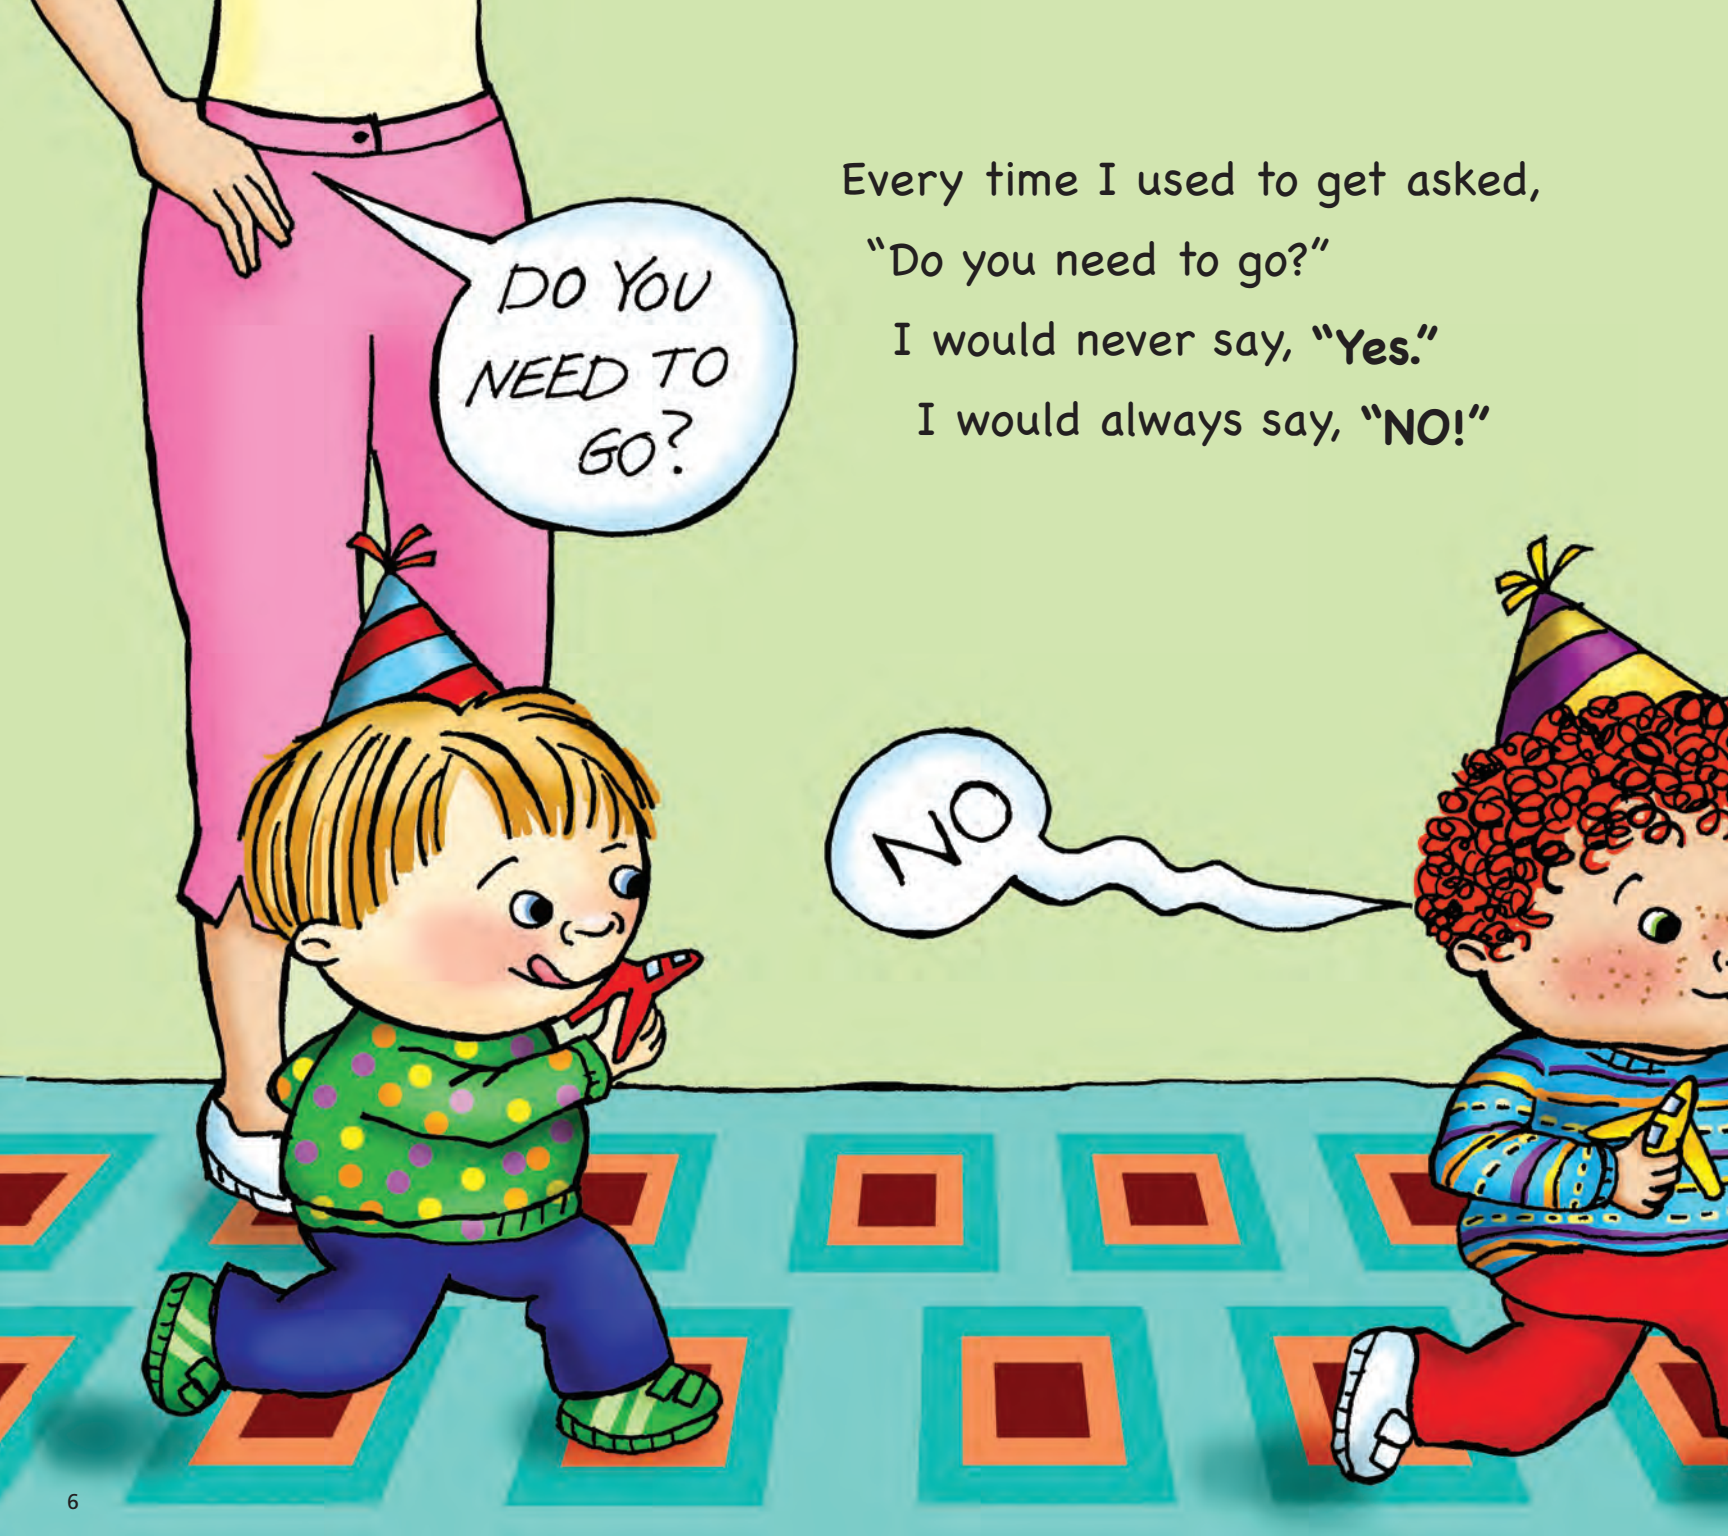

Becoming a Potty Expert  
isn't always easy.

Pee and poop can be really tricky,  
and it's hard to learn everything  
all in one day.

And guess what else? You have to  
know *the secret*...

You have to be smarter than  
your poop and your pee!

DO YOU  
NEED TO  
GO?

Every time I used to get asked,

"Do you need to go?"

I would never say, "Yes."

I would always say, "NO!"

NO

I was way  
too busy playing to  
stop having fun.

I'd rather  
**hop, skip and wiggle**  
than get the job done.

So I'd forget all about my poop and my pee.  
Next thing I knew, it was all over me.
