My name is Cletus.

Sometimes, I have a hard time
planning stuff out.

It's hard for me to figure out what
needs to be done first,

and I don't like to think about
what I have to do next.

I just like to
"LIVE IN THE MOMENT!"

*I know there's a **NOW** and a **LATER**,
but I'd rather just think about **NOW**.*

***Planning** just isn't my **priority**.*

*And setting **priorities**???*

I don't even know how!

"Cletus...
Where is
your swimsuit?"

**"I didn't plan on
going swimming."**

"Cletus! You mean to tell me that we
hiked all the way up here to camp, and
you forgot the tent?"

"OOOOPS."

"Cletus...you needed
to put the chips in the
cookie dough **before**
you baked the cookies!"

"I forgot."

“Cletus!!! It’s 10pm!

What do you mean you don’t have your homework done yet? What have you been doing?

Cletus, you need to have a *plan*, and set better *priorities*!!

Why can’t you be more like Bocephus? That’s how you should be!!!”

Bocephus is my cousin.

He's a **MASTER PLANNER!**

He plans every minute of every day
of his life!

It wouldn't surprise me if
Bocephus had a plan for when to

BREATHE!!!

Bocephus always tells me:

**"If you want to
do well in life,
you need to get your
priorities straight.**

**You must make
a *plan* to get
everything done.**

**At *planning*, Cletus...
you're not so great!"**

But if anything ever happens to
mess up Bocephus' plans...

He totally **LOSES IT!!!**

This year, Bocephus and I are partners for the science fair, so we decided to do our project on mealworms.

Bocephus **planned** to buy the mealworms, and his **plan** for me was to develop a hypothesis for our project...

whatever **that** is.
