Quest to Connect Card Deck

Fostering Meaningful Relationships in a Noisy World

Forge Deeper Connections with *Quest to Connect*!

Ever feel like the world's spinning faster than you can keep up? You're not alone. With a constant flood of voices, images, and opinions, it can be tough to truly connect—with others in meaningful conversation and with ourselves in healthy self-reflection. That's exactly where the *Quest to Connect* card deck comes in. You're holding a powerful tool designed to cut through the noise and help you and your students build authentic relationships.

This isn't just a deck of cards; it's a journey. Inside, you'll find **40 carefully crafted cards**, each featuring **three escalating questions** to spark engaging discussions and cultivate critical thinking. Get ready to lead your students on an adventure of self-discovery and shared understanding that can take as little or as much time as you decide.

Here's how your *Quest to Connect* journey unfolds:

- **Level 1: Base Camp** – These questions are your gentle starting point, light and easy, with minimal personal risk. They help your students begin to truly see the people around them and recognize opportunities for connection, setting the stage for enriching discussions. Think of them as the friendly slopes that begin your climb.
- **Level 2: Snow Line** – Midway up the mountain, these questions invite more thought and sharing. While still not deeply personal, they encourage creative thinking and the expression of opinions, moving beyond surface-level interactions. Here, the conversations become more vibrant and authentic.
- **Level 3: Summit** – Reaching the peak, these questions challenge participants to think deeply, embrace vulnerability, and connect with their emotions. Unearthing these answers may require more introspection, but the profound insights and stronger bonds forged are well worth the effort. This is where true connection blossoms.

Quest to Connect helps students develop a deeper understanding of themselves, their classmates, and the world around them. It's more than just a deck of cards; it's an invitation to unlock the incredible power of genuine connection, building a foundation for empathy and understanding in every interaction.

30-MINUTE GROUPS

30MinuteGroups.com

30-Minute Groups is a new curriculum series that aims to help school counselors and educators navigate three main challenges they encounter when attempting to start a small group :

- Workload Demands to manage the number of students for whom they are responsible
- No Prep Time to create lessons and activities for small group sessions
- Budget Constraints for ongoing training

The strategic design allows students to empathize, connect with others, and translate their new knowledge into practice. The American School Counselor Association (ASCA®)-aligned curriculum contains an introductory lesson, ten core topical lessons, and a completion session. Practical and applicable, the activities provided are suitable for small and large group instruction and require no additional materials!

Resource Fairs

Not only is NCYI a event manager, we also are a publisher, working with authors who have lived and put into practice the very things your educators deal with each day. Resource Fairs provide the tools to empower counselors and other student support professionals to enhance student success in school, and in life. These showcases allow these professionals the opportunity to personally review the resources before securing them, thus increasing the likelihood of their active use at the school building level.

Summits

Summits provide the training and resources to help galvanize school districts and their communities to address the barriers to learning, and advance positive student development.

A district-based Summit allows the local schools to choose the issues unique to their community of schools they wish to address in workshops / training sessions. The district also is part of the decision-making process to select the speakers for their Summit. NCYI then works out the details!
